I'm Trying to Love Spiders

Barton, Bethany

New York: Viking, 2015

Bethany Barton shows children why spiders are neat and not creepy or gross. Her style of writing and drawing is fun, interactive, and easy to understand. *I'm Trying to Love Spiders* is executed well; however, Christians who do not believe in evolution should consider that the information is presented from an evolutionist's point-of-view. **Highly recommended.** *Laura Ullom, Centennial Library Intern, Cedarville University*
